Source: Edmunds * The 2014 RAV4 captures the spirit of freedom that began with the original RAV4, yet breaks new ground in refinement, practicality and technology. With expressive styling and a roomy, comfortable interior, RAV4 is decidedly refined, but with agile handling and all-weather capability. The traditionally mounted spare now resides under the cargo floor so that the RAV4 now has a true liftgate, opening up instead of out. Opt for the RAV4 Limited and you'll get a power liftgate with jam protection that even offers height adjustment. From its efficient engine to its new 6-speed automatic transmission and updated suspension, RAV4 is every bit a driver's machine. It's now available with the all-new Dynamic Torque-Control All-Wheel Drive system. It improves handling by distributing power from front to rear, and manages the vehicle's braking system from side to side for maximum control on a variety of surfaces. RAV4's standard 2.5-liter 4-cylinder DOHC engine produces 176 horsepower along with 172 lb.-ft. of torque to make short work of long roads. Treat your friends and family like first-class passengers. With the pull of a handle, they can recline the rear seatbacks and enjoy the ride. Even with all the leg room offered by RAV4's interior, there's still plenty of room for your gear. In fact, you can stow up to 38.4 cubic feet of cargo with the rear seatbacks in their upright position. You can even fold the second-row seats in seconds by pulling the handle up and lower the seatbacks to create a wide, flat load space with 73.4 cubic feet of cargo capacity. Optional features now include Blind Spot Monitoring with Rear Cross-Traffic Alert which provides audible and visual cues when the RAV4 detects oncoming traffic. The available Smart Key fob allows you to lock and unlock the doors and liftgate with one touch and start the vehicle with the push of a button, Display Audio with Navigation and Entune, 11 JBL GreenEdge speakers in seven locations with a subwoofer and amplifier.
